MD's Desk

Since we started our journey two decades ago, and have been continuously striving to add value to our services, projects and clientele. We have focused ourselves on offering services with utmost honesty, integrity quality and efficiency to customers, keeping in mind sustainable MEPF design services leading to Green Design solutions, thereby assisting clients to set higher goals and targets with regard to Building Services to make projects successful. Over the past years we have realized the importance of ensuring complete single point services to our clients and have strived ourselves towards building the same. We have excelled to offer single point MEPF Design solutions for Small to Large sized varied projects.

The world around us is growing faster than anticipated as so as we are. With experienced and dedicated talented team of professionals on board we are able to bring and achieve today's requirement and advancement with innovation in design to our projects, eventually contributing to the growth of the country and making environment a better place to live.

We work tirelessly with an aim to be a global leader in MEPF Design Services keeping client satisfaction at utmost priority. Integrity and Honesty are the key aspects of our practice and success over the years. We are also serving society by training and developing fresh technocrats.

With a hope to serve you the best

Aqua Evolution

ABOUT US

Aqua Utility Designs and Management Pvt. Ltd - an eminent professional utility services design and consultancy firm providing single point services of MEPF Design Consultancy under one roof. Head office established in Ahmedabad two decades ago, now we have branch office at Indore and representatives based at Mumbai, Rajkot and South Gujarat.

Our Clients

Shri Gauranga Das Prabhu
Govardhan Ecovillage, Galtare

We have worked with Aqua Designs on our project - Govardhan Ecovillage, Galtare. This is a place of natural harmony to release, refocus and recalibrate the self, Govardhan Ecovillage is the ideal spiritual pathway to discover the self. Govardhan Ecovillage is designed for holistic and transformational experiences; a space where the ancient wisdom of Ayurveda and Yoga embrace to rejuvenate body and spirit. We have found them much dedicated to the assigned project. They have helped us to create Yamuna River and Ghat. We wish them many more years of success and look forward to associate with them for our upcoming projects.

Ms. Liza Shah

Managing Trustee, Apple Global School, Ahmedabad

Since last 20 years we are working with Aqua Utility Design and Management Pvt. Ltd. Their personal involvement and right kind of guidance made our system maintenance free. We are always rest assured by giving them project. Along with professional work, Dipenbhai is always helping us in spreading awareness in school students about right kind of usage of our valuable resource. Thank you team Aqua Designs for all the services.

Mr. Hiren Patel
Architect, Ahmedabad

We have worked with AUDMPL on many projects at many locations. They provided Plumbing consultancy on few of them and also worked as MEPF Design Consultants on few of them. Their team is a group of people dedicated to work ethics. They do understand designer well and work on cost savings for the clients. Working with them is like a complete collaboration and working as a team besides ego and conflicts. It is always a joy to work with them and we look forward for long associations with them always.

Mr. Kirit Dodiya

Architect, Shrishty Designer, Rajkot

It is our pleasure to write about AUDMPL. We are associated with them since 2010 for MEP/Design Consultancy on our various projects.

They have provided MEPF services on our many of hotels, residential, commercial and industrial projects. We are highly satisfied with their updating technical expertise and services.

Mr. Snehal Shah

Architect ,ESS-Team Design, Surat

My association of working with Aqua Designs goes back to 2008 when we first started working together on Diamond Factory in Surat. I have always found them wonderful persons, very jolly and very energetic and very prompt. In this last 12 years of association, we worked on multiple projects on diamond factories, institutional, commercial, real estate project out of which many are platinum rated and green buildings. On each project we have found their consistent services. We also appreciate their depth of knowledge of subject matter. It is always a pleasure to work with Aqua Designs and I hope to continue our association and relationship for many more years to come and wish them all the best wishes for time ahead and wonderful future.

Mr. Khengar Bharvad

Samarth Group, Ahmedabad

It's been more than 13 years that we have started working for the construction of my home. We have taken AUDMPL's services for the plumbing requirements.

We have always find them very supportive for any additional facility, alterations or any issues we had. Their support was great throughout these years.

Thank you very much for such an amazing support you have provided.

We look forward to see you as a team on our future projects.

Mr. Dipan Appa

Architect, Ahmedabad

We are pleased to work with one of the best consultant in the field of MEPF Design services. They have very kin and professional approach towards work with detailed drawings and smooth working mindset.

Mr. Jenti Godhat

Architect, Rachana Planning, Rajkot

I have been working with AUDMPL since last 6 years. I would say that my experience of working with them has been really good. Some specific knowledge which they have is difficult to find in the local market. The amount of detailing they do is also remarkable. They always use economical yet safe approach while designing and you can find only few firms doing this. So their innovative approach always stands different from other firms.
